

Derek Kennedy Tribute for DCW

This tribute honors Derek Kennedy, accomplished banker and US banking industry visionary, who passed away on 16 January 2016 at age 83.

I had not learned of Derek's passing until I read the tribute and letters in the current issue of *DCW*. In my old Citibank days, when legal issues arose in the LC arena, I worked shoulder-to-shoulder with Derek and the others mentioned in Mike Kelly's tribute to resolve issues without litigation whenever possible. Derek was probably the most practical-minded of the many in-house experts I advised--always principled, sometimes stubborn, but always good humored.

I am saddened by his passing and extend deepest sympathies to his family.
